## Go Outside And Play!

On a piece of paper, list five adjectives (describing words) to tell what it feels like outside.

 Find a cozy spot at home and read for 30 minutes. Log and describe what you read on a sheet of paper. Be sure to write the title, author, how long you read, and one or two sentences about the book.

Read this poem by Robert Frost and write at least three sentences to describe what you think the poem is about.

**Dust of Snow**  
The way a crow  
Shook down on me  
The dust of snow  
From a hemlock tree  
Has given my heart  
A change of mood  
And saved some part  
Of a day I had rued.

Create **three** snowy day story/word problems. Use a different operation (multiplication, division, addition, subtraction) for each problem. Solve.
